I-I Photography Tuition

Personalized DSLR Training

This is for photographers of all levels, from beginners to those seeking advanced coaching in specialized areas such as lighting, sports, and event photography. The training is delivered in I-I sessions tailored to meet your specific requirements.

Pre-Session Consultation:

An initial consultation to understand your current skill level, areas of interest, and specific learning objectives. Personalized training agenda for the day.

Personalized Coaching:

Hands-on session tailored to your skill level and photography goals. Up to 8 hours of in-person training where practice and theory go hand-in-hand.

Post-Session Support:

I provide a customized PDF of supporting notes and practical exercises covering the content of your session. Additional resources and reading materials may be suggested.

This is further enhanced by a 1-hour online follow-up meeting where we address any questions or challenges faced post-training; discuss and review your progress and experience; and provide additional guidance.

Your Investment: £400
