## Beginners DSLR Woshops

### Ditch AUTO & Maximise YOUR Creativity!

Unlock your DSLR's full potential to elevate your photography skills with a workshop designed for budding enthusiasts.

**Master DSLR Settings:** Learn to use aperture, shutter speed, ISO, and more.

**Nail Composition:** Discover key techniques like the rule of thirds and leading lines.

**Real-Time Practice:** Capture photos and get instant feedback.

**Continued Learning:** Take home detailed notes for ongoing improvement.

Begin your journey to elevate your craft and capture the world through your lens like never before.

Minimum 4 to Maximum 8 people  
£50 per Candidate

*T's and C's Apply*

## About The Workshop:

Welcome to my DSLR Photography Workshop designed for absolute beginners. This outdoor, hands-on experience will familiarize you with your camera's features and essential photography techniques.

The workshop lasts between three to five hours, depending on the group size, and focuses on interactive learning. From the outset, you'll practice as you learn, with ample opportunities for questions to ensure clarity and understanding.

Throughout the session, you will learn about your DSLR's basic features and essential photography rules and techniques. Topics include composition, exposure, focus, and depth of field.

Doing is learning, we shoot as we go!

~~After the workshop, each participant will receive a PDF containing supporting notes and practical exercises.~~ This material allows you to continue practicing and refining your skills beyond the workshop.

I look forward to helping you start your photography journey and capture amazing moments.

## Ideal If:

- You love photography
- You've invested in a DSLR with no idea how to use all the features
- You're going on a special holiday
- You've got a special occasion coming up
- You love taking photos of your family
- You want to try something new!
